Worn Bulgaria Sues For Peace

THEIR FIRST GLIMPSE OF FRANCE

On board of a former Hamburg-American liner, American soldiers are having their first look at the land of their chivalrous ally, France.

This corporal is signaling by means of an electrical daylight signal lamp.

"Before I engage in this new sport I would like to con the rules."

LATEST BULLETINS FROM THE FRONT

Allied troops today are upon the offensive against the soldiers of the German alliance on approximately 260 miles of battle front in three theaters of war. In the west, the British, French and Americans are attacking over a battle line of 70 miles. In the Balkans steady blows are being rained upon the demoralized Bulgarians over a front of about 150 miles. In Palestine, General Allenby's British army is driving back the Turks on a front of 40 miles.

WASHINGTON, Sept. 27.—Bulgaria has cracked under the war strain. Her armies are demoralized, her political leaders desperate. Her surrender to the allies would cause little surprise here were it not that Germany must keep her in the war so that the road to Constantinople can be held open, diplomats familiar with the situation said this afternoon. Germany admits that Premier Malinoff has asked for an armstice, according to Amsterdam dispatches, while entente diplomats here have a report that the Bulgar commander in chief himself directly asks the French commander, in Macedonia to arrange one. The latter is said to have announced a willingness to listen to Bulgarian officials, but refused to consider an armstice in advance of complete knowledge of what the Bulgars will ask for. The entire Balkan situation is franght with momentous possibilities and the developments of the next few days may have a most important effect on the outcome of the war.

Reports indicate that strong resistance was put up by the German crown princes best were smashed by French genius.

35,000 CASES OF INFLUENZA

WASHINGTON, Sept. 27.—Despite the fact that there are 35,000 cases of influenza reported from the various army camps, with 3036 cases of resultant pneumonia, officials believe that the epidemic shortly will be controlled. It was because of a desire to aid the army doctors in every possible way, and not because of fears that the malady was out of hand, that Major General Crowder canceled the order for the entrainment between October 7 and 11 of 142,000 registrants from every section.

TANKS PUSHING AHEAD STEADILY

RICHMOND TO DROWN OLD KAISER BILL

Frank Bowen Paints Picture to Show Progress of Liberty Loan Drive

At the suggestion of Publicity Director George A. Miller, Artist Benj. F. Bowen has painted a monster picture, which now stands at the corner of 6th and Macdonald, which is to be a brometer of the rise of the subscriptions to Richmond's purchase of liberty loan bonds. In a stone well stands the German kaiser, chained, and above is a stream of water being pumped into the well. The bottom figure along side is $50,000, and from thence it raises to the top figure, —465,000, represents Richmond's quota, as the bond subscriptions here increase the water will be above old Crazy Bill's head, and that will be the end of him.

Mr. Miller and Artist Bowen deserve much credit for this unique idea, which is very clever, and well executed.

The more money subscribed by the people to arm, equip, feed and transport our armies, the more water there is going to be poured into the world's well, in which the Huns are now engulfed, and that Richmond will do its full share toward pouring the water goes without saying.

Look around you this morning, and you will notice many men already wearing the bond button on this "Honor Day." They were there as soon as the banks opened, scores of them, and they are going to keep coming right along now every day until every man in Richmond wears a button.

NOTICE BOY SCOUTS!

The potato batillian, fourteen strong, is hereby ordered to show up for duty at 8 o'clock this morning, half at the Andrade Apartments and the other half at the fire house in Pullman, for the purpose of finishing up the harvest of the war garden potatoes.

F. J. HULANISKI, Pres. Board.

SPANISH INFLUENZA AND WHAT TO DO

Fred M. Neville has posted a trecties on Spanish Influenza at the Union Tank Line company on Standard avenue, so the workers may know about it, and what to do in case they get it. The New York office sent it out, saying that the disease is now quite prevalent in the east. The following is a part what Doctor Blue, a noted specialist, says regarding it:

"The disease is characterized by sudden onset," says Dr. Blue. "People are stricken on the street, while at work, in factories, shipyards, offices, or elsewhere. First there is a chill, then fever with temperature from 101 to 103, headache, backache, reddening and running of the eyes, pains and aches all over the body, and general prostration. Persons so attacked should go to their homes at once, get to bed without delay, and immediately call a physician." Treatment under direction of the physician is simple, but important, consisting principally of rest in bed, fresh air, abundant food, with Dover's powder for the relief of pain. Every case with fever should be regarded as serious, and kept in bed at least until temperature becomes normal.

"Convalescence requires careful management to avoid serious complications, such as bronchiel pneumonia, which not infrequently may have fatal termination. During the present outbreak in foreign countries the salts of quinine and aspirin have been most generally used during the acute attack, the aspirin apparently with much success in the relief of symptoms."

NO GASOLINE SALES AFTER 6 O'CLOCK P. M.

Asking the co-operation of the members of the Oil Industry and the public at large in the movement to conserve man-power, D. M. Folsom, Director of the Pacific Coast section of the Oil Division of the Fuel Administration, has announced that all sellers and distributors of Gasoline and Engine Distillate, without exception, have been requested to limit their sales to the hours between 6 a. m. and 6 p. m. The appeal is being made in all States of the Pacific Coast section, including California, Oregon, Washington, Arizona, Nevada, Utah and Idaho and the Hawaiian Islands. The limit of the hours of service will work no inconvience on the Gasoline and Engine Distillate consuming public, requiring only a little forethought in order to secure their requirements.

With the public co-operating with the Oil companies and making their purchases only during the hours suggested by Mr. Folsom, it is pointed out that a large reduction can be made in the number of employees needed in the distribution of Gasoline and Engine Distillate throughout the Pacific Coast States and these men released are made available for national service.

Theodore Bell Gets On Ballot

Telegrams received at the offices of Theodore A. Bell today indicate that the signatures to his petition throughout California will run over 20,000.

MARCHING THOUSANDS STIR UP ENTHUSIASM

Vast Throng Witnesses a Parade Thirty Blocks Long, Marching In Close Order And Four Abreast

Never in the history of Richmond has been witnessed such an outpouring of people participate in a parade, as as cheering spectators of it, as was seen last night on the city's main street. It is estimated that fully seven thousand people marched, men and women, while bands and drum corph enlivened the occasion, flags and banners waved, the multitude cheered wildly and clapped their hands as the army went by, in closing order and four abreast.

It was too big, and contained too many features to enumerate them all, but it was all good, every bit of it, and had a wonderous effect in stimulating the public interest in the Liberty Loan drive now on.

Aside from the music and the cheers, there was a noticeable something in the faces of the vast crowd that suggested something of a sterner nature—a military spirit and a determination to be of real service in helping our fighting men to achieve victory.

The Standard Oil company and its army of workers did them selves proud, furnishing many hundreds of the marchers, carrying flags, and their large coronet band.

The Mare Island Marine band arrived on schedule time and was received by a delegation of citizens. It played at a number of the big factories, where short speeches were also made to the men. This band was at the head of the marchers in the evening, lead by a platoon of Richmond's police, and then came the order of parade as published at length in yesterday morning's News. There were many hundreds of women in the parade, including many Standard Oil employes who appeared in "Coveralls," and made a most decided hit.

The parade marched down Macdonald avenue from First street to the subway at Sixteenth, and then counter marched back to the starting point, and when the front end got back the rear divisions were just leaving—Thirty city blocks of them. It was a grad sight, and one to be remembered many years.

After the parade the Marine band played several selections at the bandstand, where a crowd collected that could not get within a block of the stand. Chas. J. Crary presided, and made a short address, as did also Mayor Lane, Mrs. Katherine Smith, Edw. Raney of San Francisco, who is secretary for Mayor Rolph; Cecil Moore of the High School, and Bandmaster Nalfo. There was also some good singing by a member of the band, and a general chorus by the crowd.

The visiting marine band was the guest of the Elcho club while in the city, were given a dinner by the club in the evening and a dance after the speaking. The dance music was furnished gratis by Miss Gloria Osborne, Hazel Duncan, Jewel O'Rourke and Jack Crow. At 11 o'clock Chas Donnelly had a special car take the sailor boys to the San Rafael wharf, where a tug was waiting for them from Mare Island.

Altogether it was a gala occasion and one that will accomplish much toward the desired end—the going over the top by Richmond for the Fourth Liberty Loan.

IT'S GOOD PATRIOTISM TO SAVE

A successful nation is merely a nation composed of successful individuals. And the habit of saving is an essential element in individual success. Hence, our assertion that "It's good patriotism to save."

The man or woman who has a savings account has the satisfaction of knowing that he or she is one of the great army of war workers who can lend to the government, give to the cause of democratizing the world and bring to a quick end the persecuting rule of autocracy.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California.

CONSERVE ELECTRICITY

Patriotism demands that you save electricity for war industries.

Northern and Central California have a serious power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

THESE WAR INDUSTRIES MUST HAVE POWER

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off your lights when ever possible and use lower power lamps.

This is one other thing you can do in the great struggle.

ABOUT WOMEN AND CHILDREN

Mary Austin in a recent address before the women's committee of the State Council of Defense stated that one woman loses her chance for motherhood for every man who loses his life on the battlefield, unless indeed, unmarried motherhood is to be recognized. "If there is no reason brough forward," said Mrs. Austin, "why single women should not have children, they will have them. If there is a reason it must be a sound one and must be stated clearly to the women of the country."

What is this woman trying to get through her hat, or bonnet? We do not know who Mary Austin is, but if she is correctly quoted she needs a hard calling down. Does she mean to intimate that the women of America are so immoral that in case of large losses of men by the war they are going to turn this country into a promiscuous breeding pen, or immense corral of prostitution? She makes a noise to us like she was about half cracked.

There is no call for reasons being brought forward why single women should not have children. Such reasons have been in effect since the beginning of the world, and always will be. Any single woman who goes to breeding without the sacred rites of marriage will simply be damned by all mankind, and a vast majority of womankind.

If there was no moral reason, which there is and it is bigger than all outdoors, still there would be the reason of the child. A child born out of wedlock has no father in law or in fact. It has no standing, in law or society, and bears a mark worse than that of Cain throughout all its life—a mark at which the slow, unmoving finger of shame forever points. Reasons enough, we should think.

There were thousands of men killed off in the civil war, but it made no difference in the status of marriage, or of illigitimate children, and neither will this war, or any other war.

The institution of marriage is altogether too sacred to be batted around in any such flippant manner, and it is surprising, and disgusting, that any sane woman should advance any such unsound theories.

The women of America, God bless them, can be depended upon to uphold the honor of the nation, and their own honor along with it.

THEY'RE WHINING NOW

There are signs that the German people fear for their bacon. The war has been going more than four years and no part of it has yet waged upon German soil, yet there is visible perturbation over the possibilities. Which enables us to compare the spirit of the Hun with that of the French. The French have borne the brunt of unparalleled barbarities without a murmur. They have been bled almost white. They have withstood the gaff without flinching. Yet these other people, at the first prospect of a reversal in war's fortunes, begin to whine. What they will do when the Rhine is crossed and the allies proceed to Berlin, still though they escape ravages similar to those which their armies have inflicted remains to be seen and to be compared with the fortitude displayed by the heroic people who have never lost nerve or faith—Oakland Tribune.

The first report that Lenine was killed, the second that he was fatally hurt, the third that he is recovering. Let us hope that the last two reports are lies.

Henry Ford hasn't had any political affiliation so far, but we bet he'll be a democrat from now on.

Every once in awhile the kaiser makes dying easier for his soldiers by delivering a long speech to them.

THIS IS "HONOR DAY"

This is the day we clebrate. The Hun seems to have struck his gait with Black Jack Pershing's splendid boys behind him stirring up a noise, and he is streaking free and far to get where Rhineland forests are and hide himself plum out of sight from these here boys who can not fight. At least the "Most High" told them so, that Yankees were a puerile foe and could be mopped up with a punch, but now they-ve got a different hunch and without time to burn their stores they're putting slathers of outdoors between them and our boys out there, and they are filled with wild despair.

LAND FOR SOLDIERS

Congress tentatively has approved in principle Secretary Lane's comprehensive project of offering to returning soldiers homes and farms to be paid for under a system extending the payments over a long period of years. It has appropriated $200,000 for surveys and investigations of irrigation, drainage and reclamation plans in the south, southwest and northwest. Agents already have been sent into the various sections to start inquires.

Secretary Lane believes that nearly 300,000,000 acres of land now untilled can be reclaimed or made fit for cultivation.

Some of the profiteers are said by government investigators to have made 3000 per cent profits. We don't care if a hog of that sort lives in a palace, he can't be comfortable without a trough to put both feet in when he eats.

The ways and means committee, proceeding alphabetically in taxing luxuries has reached zithers and ukuleles without saying a word about corned beef, calf liver, onions or hog jowls. We may be happy yet.

The boys who are risking all in France are not getting cold feet. Don't make it necessary to have a hot brick to yours merely because the government wants you to share your money with it.

Transportation item from the Woodland Democrat: "In the fall of 1917 Hindenburg secured a round-trip ticket from Berlin to Paris. He is using the last half first."

Of course, if the Bolsheviki prefer "war" with the Japanese to death at the hands of the Russian, that's their business. The end will be the same, and it will justify the means.

If General Crowder ever lists book agents among the nonessential occupations, there will be a loud shout of approval—except from the agents.

A lady writes from Arkansas that "sugar is scarce but molasses are plentiful." Of course, they are. We hope she will not eat too many of them however.

Children are not the only persons who squeal unreasonably when they get a little bump.

While the rankunfile of the people are doing their bit, the profiteers are doing everybody they can.

The German officers, who expected to eat Christmas dinner in Paris, will be lucky if they get dinner any place.

Probably there are some beautifully blue Teutons along the Beautiful Blue Danube.

Some people don't want to do better; they want to do you.

Fashion has decreed that women's skirts must be tighter and shorter. What d'yer mean, shorter?

Men May Be Barred From Ft. McDowell

On account of the epidemic of Spanish Influenza, the draft contingent which was to have left here next Wednesday will likely not depart until a later date. No orders delaying the call have been received by the local exemption board, but press dispatches from Washington state that all movement to cantonments are delayed pending a clean up of the influenza or grip epidemic.

Only one case of suspected influenza has been found at Camp Kearney. In the east there are thousands of cases in the camps and as yet there have been no deaths from the influenza itself, but the danger lies in pneumonia following the lighter illness.

Up to the present the fatalities have averaged about one per cent of those stricken.

"The Yellow Ticket" Now At Richmond

Warner Oland, generally known as the best "heavy" on the screen today, plays the role of Baron Andrey, the villainous head of the Russian Secret Police in "The Yellow Ticket," starring Fannie Ward and produced for Pathe by Astra from the famous A. H. Woods play of the same name.

"The Yellow Ticket" will be shown at the Richmond Theater today. It will be remembered that the role of Baron Andrey played in the stage version by John Mason, affords an opportunity for one of the most gripping pieces of acting seen in many years.

Mr. Orland first gained fame as Theda Bara's leading man, and his reputation reached a pinnacle through his remarkable characterization of Baron Huroki in the serial "Patria." This was followed by the playing of Carslake, the polished villain in "The Fatal Ring." Mr. Oland's appearance in the big cast of "The Yellow Ticket" is another assurance of the size and importance of this production.

Miss Esther Silva Aids Belgian Babies

Little five year old Esther Silva of Pinole is doing her part by the Belgian Babies. Last Wednesday evening a meeting was called of the business men in Pinole to talk over the plans for the Chataqua, to take place in the early part of October. Little Miss Silva was present dressed as a little ragged girl and sang and danced "Bring Back a Belgian Baby to Me" which went through the hearts of all present. After her performance she passed through the crowds with a bottle for a penny collection, but few pennies were given, her bottle contained $10.50.

She turned the money over to Miss Hazel Downer, chairman of that place and was given to Mrs. W. A. Boone, chairman of the Belgian Relief committee here yesterday.

McCarthy Speaks To Union Men

A meeting was hed of the members of the Contra Costa Building Trades Council Thursday evening and one of the most patriotic pleas ever given in this city, was given by P. H. McCarty, president of the California State Buildings Trades Council. McCarthy urged the union men to back the government in every way in the war and see that the union subscriptions to the Fourth Liberty Loan Bonds 100 per cent.

The unions assured him of their support toward the Liberty Bond drive. McCarthy was accompanied here by James Gray, organizer for the Carpenters' Union.

TELEPHONE OPERATORS MAY GO ON STRIKE

OAKLAND, Sept. 27.—"I hope there will be no strike tomorrow, but there certainly will be unless intimidation and discrimination against our members ceases."

This was the statement this morning of Edward S. Hurley, past president of Local 283, Electrical Workers, following a meeting last night of the new telephone operator union and the electrical workers. A telegram was sent to President Wilson, and other government officials asking that steps be taken to prevent a walk-out, scheduled for tomorrow unless such alleged discrimination is stopped.

A strike of the telephone operators at this time, making the opening of the fourth Liberty Loan drive would greatly hamper the campaign and it is expected that every effort will be bent to prevent such an eventuality.

More than 1100 telephone operators and linemen will walk out tomorrow morning, according to the motion passed at last night's meeting. The call will also include 1250 women and 500 men in San Francisco.
